

Project No 2020-2-DE04-KA205-019858

The partnership of the Value project is excited to announce that all of the piloting of the Value project has now been carried out and we have received positive news from coaches, volunteers, trainers, career advisors and other stakeholders! Piloting took place in Slovenia, Austria, Germany and the United Kingdom!

What have we found?

- The Value Practical Roadmap, Case Box and Show Cases were found to be useful tools for the target groups of the project in ensuring the aims of the project.
- For example, participants shared that the Case Box, empowerment exercises and scenarios are provided which are very applicable in daily training and coaching practice
- There was also good synergy between the final products of the project such as the Value Practical Roadmap providing a good basis for the rest of the activities that learners can engage in
